

## GUIDE TO SUBMITTING ONLINE PAGES OF TESTIMONY

### INTRODUCTION

**Pages of Testimony** are individual forms containing the names and biographical details of Jews who perished in the Holocaust; they serve as lasting memorials for Holocaust victims. Preserved as “symbolic tombstones” in the Hall of Names at Yad Vashem, Jerusalem, these Pages restore the personal identity and dignity to the victims of Nazis and their accomplices.

Each Jew who perished during the Holocaust deserves a Page of Testimony. In this instance, Yad Vashem defines a Holocaust victim as a Jew who was murdered when his or her country of residence was ruled or occupied by the Nazis or by regimes that collaborated with the Nazis. Jews who died in the few months after the end of WWII because of exhaustion or sickness caused by traumatic Shoah experiences are also considered victims. **Each Holocaust victim, children included, must be registered on a separate Page of Testimony** (if a child's name is unknown, enter “Child” in the **Family Status** field and specify parents names and gender.)

Before submitting a Page of Testimony, **please search the Central Database of Shoah Victims' Names**. If a Page of Testimony already exists for the name in question, and you have no significant information to add, there is no need to complete an additional form. On the other hand, if a victim's name appears only on an archival source or names list (originated mostly in Nazi and collaborators' records) we suggest you submit a Page of Testimony as a token of personal commemoration.

## STEPS FOR SUBMITTING A PAGE OF TESTIMONY ONLINE

### 1. Fill out the online form.

Before you begin filling out the form, make a list of all the victims for whom you will be filling out Pages of Testimony. Have all available pictures and documents relating to each victim on hand. Photos, especially group or family photos, are excellent memory aids. You may also create a family tree to ensure that you don't forget any victims. Filling out a Page of Testimony together with elderly individuals who possess direct recollection of the victims can be a meaningful and moving experience.

**\*Note:** Yad Vashem requests that you submit the photos as well, to give the testimony a visual aspect. In step 2 you will find direction on submitting scanned photos.

- Mandatory fields are shown in **red**. At the very least, you will need to submit the victim's last name (or maiden name), place of residence (or birth), and a third identifier such as first name, parent/spouse's first name, birth date, or profession.
- Some fields have an arrow on the right. Click on the arrow to choose from a list of possible entries. **\*Note:** Title does not refer to profession. A separate field has been provided for listing the victim's profession.
- Please leave empty fields for which you have no information.
- After completing the form, carefully re-read your entries before submission.

### 2. Attach scanned files. Any

electronic files or scanned documents or photographs you may have pertaining to the victim may be attached to your form by entering the file's pathname or by clicking **Browse...** and locating your file on your computer.
